CHECKLIST

- Are they willing to reduce amount of rentals at the last minute?
- Has the equipment been tested?
- If renting technical equipment, will they train on the exact unit to assure proper usage?
- Does the invoice provide a detailed list of set-up and delivery costs?
- Can they guarantee set-up day and time?
- Do they have liability insurance?
- What is their cancellation policy?

Our attention to detail has set the example of working with equipment rental companies that honor the scheduled set-up times and address any problems that may arise. With only a phone call, the local vendors recommended by our Wedding and Events Department make the trip to the wedding site within minutes to take care of any problem that may arise. Based on needs, at times it is necessary to recommend vendors from other areas. Whether near or farther away, we only work with those who meet our high standards of dependability and expected quality of service.
